

src/ack\_core\_communication  
\_protocol.h

```
graph TD; A["src/ack_core_communication_protocol.h"] --> B["stddef.h"]; A --> C["stdint.h"]
```

The diagram illustrates a header file dependency. A central box at the top represents the file `src/ack_core_communication_protocol.h`. Two blue arrows originate from the bottom of this box, pointing downwards to two separate boxes below. The left box contains the text `stddef.h` and the right box contains the text `stdint.h`, indicating that the top-level header file includes both of these standard C headers.

stddef.h

stdint.h
